

硬岩成套移动破碎站

Complete set of mobile crushing station for hard rock

移动鄂破+圆锥破碎站，是我公司全新推出的新型轮胎移动破碎站，其包含给料、破碎、筛分、输送等功能，可一站式解决各种生产问题，是固废处理和小型骨料线投资的理想型可移动生产线！

The mobile jaw crusher + cone crushing station is a new type of tire mobile crushing station newly launched by our company. It includes functions such as feeding, crushing, screening, and conveying. It can solve various production problems in one stop. It is solid waste treatment and small aggregate line investment!

产品优势

>> Product Advantages

1、配置灵活

主机及配套设备可按需定制，组合方式多样，满足用户多元化骨料生产标准。

2、行动自由

一站式完整生产线，机动性好，减少原料运输损失，节省运输成本。

3、开工回本快

可整车发货，省去现场安装工序，简单固定便可进行破碎作业，大大缩短安装周期。

4、运行稳定

全新车载一体化自动控制系统和PLC自动监测系统，节省人力；可油电两用，停电不停工，避免断电困扰。

5、节能环保

电动机选用合理，节能省成本；除尘设备+喷淋系统，有效抑制粉尘，破碎更环保。

1. Flexible configuration

The main engine and supporting equipment can be customized according to needs, and the combination methods are various to meet the diversified aggregate production standards of users.

2. Freedom of movement

One-stop complete production line, good mobility, reduce the loss of raw material transportation, save transportation costs.

3. Start work and pay back quickly

It can be shipped as a whole vehicle, eliminating the need for on-site installation procedures, and the crushing operation can be carried out after simple fixing, which greatly shortens the installation period.

4. Stable operation

The new vehicle-mounted integrated automatic control system and PLC automatic monitoring system save manpower; diesel and electricity are dual-purpose, and the power failure does not stop the shutdown, avoiding power failure troubles.

5. Energy saving and environmental protection

The motor is selected reasonably, saving energy and cost; dust removal equipment + spray system can effectively suppress dust, and the crushing is more environmentally friendly.

产品参数

>> Product Parameters

颚破移动破碎站 Jaw crusher mobile crushing station

标准机型 Standard model	配套设备 Matching equipment		进料粒度 Feed size (mm)	产量 Capacity (t/h)	整机处理能力 Complete station capacity (t/h)	外形尺寸 Overall size (mm)
XPEV69-1	ZGC1038	XPEV600*900	≤500	100-180	≤100-220	13560*2890*4930
XPEV75-1	ZGC1238	XPEV750*1060	≤630	100-300	≤120-330	15340*2920*5370

圆锥细碎筛分移动站 Cone fine crushing and screening mobile station

标准机型 Standard model	配套设备 Matching equipment		进料粒度 Feed size (mm)	产量 Capacity (t/h)	整机处理能力 Complete station capacity (t/h)	外形尺寸 Overall size (mm)
XHP200	HP200	3YK2160	70-190	-----	≤70-220	14640*2920*6470
XHP300	HP300	3YK2470	80-200	-----	≤120-380	14790*3050*6660

制砂整形筛分移动站 Sand making shaping and screening mobile station

标准机型 Standard model	配套设备 Matching equipment		进料粒度 Feed size (mm)	产量 Capacity (t/h)	整机处理能力 Complete station capacity (t/h)	外形尺寸 Overall size (mm)
VSI-9532	VSI9532	2YK2470	≤40	150-220	≤180-250	14970*2920*7595
VSI-8522	VSI8522	2YK2160	≤40	100-120	≤100-150	14500*2800*7200
